

Dear Yaşar University faculty and staff,

As the School of Foreign Languages Prep Class Department, we shall be running a free English course in which our SIT TESOL course Teacher Trainees will be practising teaching to two student groups of different levels of Elementary and Intermediate (students are to be appointed by a placement test). Total hours of English classes are around 48 and only those above the age of 16 may apply. Participants who attend classes regularly will be given a document of participation which indicates the content of the course.

You may find the course details below.

Being not dependant on a predetermined syllabus, the course employs lesson plans which aim to involve students actively and improve their vocabulary, grammar, reading and understanding, writing, speaking and listening skills.

Since regular attendance to classes affects the operation of the programme and the training of the Teacher Trainees, English course participants will be asked to pay 150 TRY deposit. Deposit **will not be returned** to those who miss more than 6 classes.

Faculty, staff or their acquaintances who would like to apply should fill in the application form that can be found in the link provided <http://tesol.yasar.edu.tr/kayit/> When the application process is over, there will be no access to the application form. All applicants will be invited to the placement test. However, participants will be determined according to test results.

16.06.2019 Sunday is the deadline for registration.
