

For the attention of Prep Class Students!

There are no make-up exams are administered for quizzes according to Policy on Education and Examinations at The English Preparatory Class, Article 13, Paragraph 2. However, due to the increasing number of COVID-19 cases, it has been decided that the students who tested positive will be exempt from the quiz they missed on condition that they submit their test results or their medical report within 5 days after their quarantine is over. The students who do not have the necessary number of vaccination and has been in touch with a COVID-19 positive person may send their screen shot showing "Test Koşullu Temaslı" situation (under "Durumumu Görüntüle" section) to School of Foreign Languages. Those students will also be exempt from the quiz as they will be under quarantine. The 6.25 percentage of the missed quiz will be distributed equally among the other three quizzes.
