Listening Quiz Guideline for Students

- 1) The listening quiz is going to take place online on Moodle and Microsoft Teams.
- 2) You are supposed to access Moodle system at the scheduled date and time by clicking this link <u>https://online.yasar.edu.tr/login/auth.php</u>. Students need to enter their YASAR IDs and passwords in the system. Please check if your username and password works before the exam day.

User ID: student number

Password: OBS password

* Please log in with your student number, NOT with your email address.

(If you have a trouble logging into the system, you can send an e-mail to helpdesk@yasar.edu.tr)

- Students must take the listening quiz on a computer. (As the operating systems of devices such as tablets and mobile phones do not support the online.yasar platform, students may only enter the system with a computer.)
- Students must sign the Consent Form before taking the exam. The link is below. <u>https://forms.office.com/r/WWZPA8FzrW</u>
- 5) Being in the closest area to your wireless internet connection is suggested. This can prevent possible connection problems that you may experience during the exam.
- Students are required to use the desktop application of Microsoft Teams (<u>It is compulsory</u> to use the application because there is a screen sharing problem when entered from the internet browser).
- It is the students' responsibility to make sure their camera and microphone work properly. The students whose camera or microphone does not work cannot take the exam.

- 8) Studens must use the most recent version of Google Chrome.
- 9) Students must start the meeting by logging into the channels created for them in their classes (Exam Rooms) on MS Teams at the start time of the class. Students <u>must start a</u> <u>meeting in their own channels.</u>

- 10) Students are expected to wait for their instructors to join the meeting. <u>The instructor is</u> going to start the recording not the student.
- 11) If the students start the meeting late on their private channels and because of that if the instructor cannot start the recording before the exam time, the student's exam will not be evaluated.
- 12) Students are required to share their screen and wait for the quiz to start with their webcam and microphone turned on. The student should then click on SHARE CONTENT from the SHARE section.

If you need more information on screen sharing, please visit the following website:

https://support.microsoft.com/en-us/office/share-content-in-a-meeting-in-teams-fcc2bf59aecd-4481-8f99-ce55dd836ce8

*If you are using a MAC, use the same link for screen sharing.

- 13) Students must be alone until the exam process is over. If the student is not alone in the room, it is considered as a cheating attempt.
- 14) The microphone of a student's computer should be turned on during the whole exam process. Therefore, it is the student's responsibility to make sure the room is quiet.
- 15) If students stop sharing their screens for any reasons, it is considered as a cheating attempt.
- 16) On your web browser, there should be only Moodle tab. On your desktop, there should be only Microsoft Teams, Word Document and Audio Player application. If you open any other applications or websites, it will be treated as cheating.
- 17) Please <u>do not press</u> previous / next buttons in your web browser during the quiz.
- 18) The exam will appear on the main page at the relevant time. You can find information about the exam end time and duration in this page. Click the "Attempt Quiz Now" button to start the exam.

- 22) If you get disconnected from the internet, your answers will be saved automatically. You will be able to continue where you left off after you fix your internet connection.
- 23) If you have any applications checking the language, please deactivate them. Otherwise, it will be treated as cheating.
- 24) Your exam will be cancelled if you get help from any source (dictionary, spellcheck or any other person).
- 25) If you show any suspicious behavior during the exam, your exam will be examined and it may be cancelled.
- 26) After students submit their answers, they may leave their meeting in Teams.
- 27) The quiz of the students who do not have a meeting record in the Microsoft Teams will not be taken into consideration. These students will not be given a second chance.
- 28) If you have any technical issues, please take a video of it.
- 29) If you end up having a technical problem that stops you from completing the quiz, you should take a video of your computer screen with time and date included. Send the video to merve.celik@yasar.edu.tr or aysenur.ozdemir@yasar.edu.tr within an hour at the latest after the quiz ends.
